WILL THE PEOPLE SUBMIT?

Following are the results of the Indianapolis Grand Election Commission:

Democrats absolutely control the election system in every county in Kentucky. In 95 counties there are two Democrats and one Republican. Black Commissioners. In 13 other counties there are two Democratic and one Populist Commissioners; and in the 11 remaining counties the two have solidly Democratic majorities.

Republicans are in a helpless minority of one against two in 96 counties and in 24 counties they are absolutely without representation. Both the Black and the Populists of the election machinery, pass upon all election contests and from whose most infamous decisions there is no appeal.

The Republican organizations were the most persecuted in the new Negro state, appointed, and it is a notorious fact that the so-called Populists are nearly all Democrats in disguise, having voted and cast their votes for the Populists on every important occasion.

The mask of hypocrisy that was put on when Judge PAYSON was elected a member of the State Election Commission has been torn off, and the Goebel conspiracy is revealed in all its hideousness.

Has the Republican party been such as to yield to the state and Nation as to justify these outrages against law and decency or drive or keep it from power?

The supremacy of WILLIAM GOEBEL and his big-handed followers so important to the welfare of Kentucky as to condone this unspeakable rape of the ballot?

Will the people submit?

A SOLDIER was "held up" by footpads in Newport a few nights ago. Damn the Secretary of War.

THE Lexington Argonaut ought to study geography, and history as well. It classes Delaware as a "Northern" state.

A PAPER of that city heads an article, "Cincinnati Wants a Dam." Most places get enough without advertising for them.

The Norwich Bulletin says France may hold down poor Captain DANTRY, but it cannot shut up Zora or blindfold the Nations of the earth.

TRINIDAD is a Spanish proverb that "He who loses money, loses much; he who loses a friend, loses more; but he who loses his spirit, loses all." From which it can be inferred that the recent scrimmage with Uncle Sam Spain lost her spirit.

VANCLEBURG, by popular vote, has reduced the number of teachers and shortened the term of Public School. What's wrong? *Grayson Tribune*.

Why, we have heard about it! Secretary of War ALDRICH and Surgeon General STRANDBERG did it with their lit tomahawks.

DR. PHINEAS S. CONNER of Cincinnati has been selected as the Medical Member of the War Investigation Commission. With the knowledge that Cincinnati's great surgeon will be on the Commission, it can be set down in confidence that there will be one man when the verdict is made up who will be unbendingly against any semblance of whitewash.

A MUSICAL practical joker "queered" a Populist meeting in Pennsylvania the other day. While the speakers were roasting the Republican party he fished out of a barn an old campaign banner, marched with it to the Populists' meeting, and, when there came a momentary cessation in the flow of words, held up the banner so that all might read the following inscription upon it:

"A VOTE FOR MCKINLEY
25 Cents a Bushel for Wheat
And
10 Cents a Bushel for Corn."

Then he explained that this was one of the banners that had been carried in the campaign parades of 1896.

The invasion of foreign markets by the manufacturers of the country seems to increase. The figures of the Treasury Bureau of Statistics show that the July exports of manufactures were greater than in any July in the history of the country and formed a larger percentage of the total exports than in any preceding year or month in its history. The exports of manufactures for the month were \$95,983,116, and formed 38.47 per cent. of the total exports. Yet no July has ever shown such a record of exports of manufactures and in no month since the Civil War have turned so large a percentage of the total exports. And yet the blitzen Free traders. Free silverites and Free-soppers frothed at the mouth in their efforts to make voters believe that under a Protective Tariff American farmers and American manufacturers could not sell their products in "the markets of the world."

She didn't.

AMERICAN CLAIM.

The Matter Was Under Consideration at the Spanish Cabinet Meeting Monday Night.

SPANISH PEACE COMMISSIONERS.

They Were Instructed to Contend for the Integrity of Spanish Sovereignty in the Philippines.

They Are to Make a Strong Stand Regarding the Cuban Debt and the Philippine Loan of 1896, if Luzon is Ceded to the United States.

MADRID, Sept. 27.—The cabinet Monday evening had under discussion Capt. Gen. Blasco's dispatch concerning the American claims in connection with the evacuation of Cuba.

Duke of Alba, Spanish minister of foreign affairs, states that the Spanish peace commissioners have been instructed to contend strongly for the integrity of Spanish sovereignty in the Philippines, on the ground that the protocol between Spain and the United States was signed before Manila capitulated.

And also to make a firm stand regarding the Cuban debt and the loan of 1896, if Luzon is ceded to America.

Should the United States prove less exacting than is expected, the commissioners have, however, to make all possible concessions, until political and commercial, compatible with the retention of Spanish sovereignty in the Philippines, but in the event of losing a portion of the island, they are instructed to insist that the attempt any attempt of the United States to claim the right of preference over other powers should Spain desire to sell or cede the remainder of the islands.

Most of the commissioners and attaches speak English.

WHOLESALE POISONING.

Estimated of a Colored Boarding-House Being Violently Attacked During Coffee—Three May Die.

McKeesport, Pa., Sept. 27.—A wholesale poisoning of colored people at Mrs. Ballie Robinson's boarding house Monday may result in the death of three of the victims. Shortly after dinner Monday all who drank coffee at the meal were taken violently ill and Monday night three of them were pronounced in a critical condition. They are: Alice Robison, Mrs. Hattie Williams and William Pulpus, the last named was taken to the hospital and will probably die before morning. The other three victims, who will recover, are John Wilkins and two children.

William West, a young Negro, who is said to have been jealous of Mrs. Robinson, is accused of the crime of putting some powerful poison in the coffee and a warrant is out for his arrest.

They Arrive in Paris.

PARIS, Sept. 27.—The peace commission of the United States arrived here Monday from London and was met at the railroad station by the United States embassy, a number of Americans and many reporters. A considerable crowd outside the depot witnessed the departure of the commissioners for their hotel.

Spanish Commissioners Start for Paris.

WASHINGTON, Sept. 27.—The French embassy has received a cable dispatch stating that the Spanish peace commissioners started Sunday for Paris. The trip from Madrid to Paris took four days, so that the Spanish party is likely to be in the French capital Monday night or Tuesday morning, about the time the American commissioners arrive.

The Baking of the Maria Teresa.

SANTIAGO DE CUBA, Sept. 27.—Details just received of the floating of the Spanish armored cruiser Maria Teresa show that, with the help of dynamite, she was blown off the rocks into deep water on September 23, and proceeded under her own steam some three weeks afterwards to Guantánamo, accompanied by one of the tugs of the Merritt Wrecking Co. She will shortly have for New York.

To the Memory of Winnie Davis.

RICHMOND, Va., Sept. 27.—At a meeting of the vestry of St. Paul's church Monday night permission was granted for the placing of a bronze tablet to the memory of Miss Winnie Davis in the wall of the church beside the memorial window to her father.

CHARGES CHANGED.

Gurney and Oxley Held for Manslaughter—The Lawyer Reported to Have Made a Confession.

BEDFORD, Ct., Sept. 27.—The complaint against Oxley and Gurney, in the Emma Gill case, was changed Monday from attempt to procure an operation to that of manslaughter. Gurney is out on bail, but Oxley is still in jail.

It was learned Monday that the brother of Harry Oxley, who visited him at the jail Sunday, took into his confidence a friend in this city and told him the substance of a confess on alleged to have been made to the police by the arrested man. The brother said that when Harry was arrested his mother told him to tell the whole truth in the case and that is his story.

Oxley's wife again had a confession and I told Gurney, and the lawyer told me to marry the girl if I felt sure the responsibility was mine. I went to Emma Gill and expressed my willingness to marry her, but she said this was unnecessary, that she knew Dr. Guilford, and that she could cure her of her trouble by an operation, and she would get out of her trouble that way. So I did not marry her, but I know there was another fellow (Foster) who wanted to marry her and did not know her true character. He would make her a better home, she thought, than I could, and considered him a better catch."

NOTED ACTRESS DEAD.

Miss Fanny Davenport Succumbs to an Enlargement of the Heart at Her Home in Dubuque, Iowa.

DUXBURY, Mass., Sept. 27.—Fanny Davenport (Mrs. Melbourne McDowell) died at her summer home, Melbourne Hall, at 10:30 o'clock Monday night of enlargement of the heart.

Miss Davenport had never fully recovered from her severe illness early last year, and it was thought she would in time enjoy good health again. A few days ago, however, a change was noticed. Since then she had been gradually sinking.

Miss Davenport was the daughter of Edward Davenport, the famous American actor and Fanny Elizabeth Diving Davenport, the equally famous American actress, and was born in London, April 10, 1850.

PORTO RICO.

The Americans Now Hold Four-Fifths of the Island—Spaniards Retiring Upon San Juan.

PONCE, Porto Rico, Sept. 27.—The Americans now hold four-fifths of the island. The Spanish are retiring upon San Juan from all directions and the Americans are moving up. Some slight disturbances have occurred at Ponce and Fajardo, but their seriousness has been exaggerated.

Capt. Hammel's company of the 3d Wisconsin regiment, entered Cayey Sunday. Gen. Ernest has moved his headquarters to Abonito, but it is doubtful if his brigade will follow. The percentage of sick in his brigade is 42, and there are on the sick list in the entire command 2,600 men, 400 of whom are suffering from typhoid fever.

Barred Gradually Sinking.

DEERFIELD, Mass., Sept. 27.—Thomas F. Bayard sank gradually all day and Monday night his pulse was weak, giving every indication that he end only a matter of a few hours. He remained in a semi-conscious condition all day.

MEET IN SECRET.

The Investigating Commission Held a Session Behind Closed Doors on Monday.

THEY OUTLINE A GENERAL POLICY.

Letters to Be Addressed to the Heads of the Different Departments of the War Office.

They Will Consist of Inquiries Intended to Bring Out All Facts That Can Be Given Relative to the Organization of the Volunteer Army.

GETS A NEW TRIAL.

tion back of them, the writers will not receive further attention.

The commission also expects to extend its inquiry before it closes its work, to the extent of summoning before it the commanding officers of the various divisions and brigades and probably extending it to the colonels of regiments from whom the complaints have emanated. PARIS, Sept. 27.—At a meeting of the cabinet Monday morning, all the ministers being present, a decision was taken in favor of a revision of the sentence of Capt. Dreyfus, and documents in that case will be sent to the court of cassation.

The crowds of people outside the ministry of the interior, where the cabinet council was held, loudly cheered the ministers and there were shouts of "Vive Brissac!" "Vive la révolution!"

The cabinet ordered the minister of justice, M. Sarrien, to lay before the Cour de Cassation the petition of Madame Dreyfus, wife of the prisoner of Devil's Island, for a revision of her husband's case. The court therefore will decide the legal question as to whether the first

WHY IT'S THUS.

The Great Obstacle to Railway Building in the Celestial Empire.

The greatest obstacle in constructing a railroad in China, says The Chicago Times-Herald, lies in the numberless funerals made with which the country is covered.

The success of the Chinese in their religion and in their respects in China. There is no sacrifice a Chinaman will not make, however economical he may be, to assure the repose of his ancestors. Men are consigned to sepulture the "Widow's Curse" and the like, and wise men often choose a spot of his own and thereby turn an honest penny for himself. Once devoted to a residence for the dead the land becomes sacred, and terrible the vengeance for any disturbance.

To lay a railroad without disturbing any of the dead would require a genius, and to destroy them would be to revolt a revolution, while it is far from certain that any industry would dare to risk the curse of the dead.

The use of these lands, which to them would be sacrifice.

Truth wears well. People have learned that Dewitt's Little Early Risers are reliable little pills for regaining the bowses, curing constipation and sick headache. They don't gripe. Henry W. Ray, a Postlethwait.

HOSPITAL REFORM.

Every One in Authority is Disciplining His Subordinates—Nurses Sent to the Guardhouse.

LEXINGTON, Ky., Sept. 27.—At the division hospital nearly everybody is being disciplined. Gen. Dr. G. L. Hart, having been talked to by the secretary of war, is now doing the same thing to the men under him. Sunday night he arrived at the division hospital at 7 o'clock, the hour at which watches are changed. He found that day doctors had gone off before night doctors came, leaving the wards without a sufficiency of medical help. As he could not find the doctors he began his tour of inspection, and anyone he met was required to report to him. When he left Dr. G. L. Hart met the rounds of the wards. He found half a dozen male nurses asleep, and they were promptly placed in the guardhouse.

REAL MINISTRY.

Truths From the Sermon of the Rev. J. O. A. Vaught.

NEW PASTOR'S INITIAL SERMON.

The Rev. J. O. A. Vaught, the new Pastor of the M. E. Church, South, in this city, preached his first sermon Sunday night. A large audience was present, and the able Divine delivered a short and practical sermon, which was received with enthusiasm by those present.

Possibly in no other way can a Minister of the Church gain a quicker introduction to a strange congregation than by a sermon delivered in a language which, if it is true and just, receives with entire confidence.

The placing of a moving Minister is a good and sensible idea. It is much safer for a Church and much better for man when it can feel its entire strength and know he is safe. Possessing the "whole armor" of the gospel, he can stand firm because he is safe. Better to have fears because of departure than tongues because of hanging on too long.

The Rev. Mr. Vaught, who comes to our city to assume charge of the Southern Methodist Church, is here because his four year's service at Versailles has made him incapable to return to his former pastorate. Preachers and ministers, and while it is safe to suddenly jump in and condemn or compliment, we shall take the liberty of giving our opinion.

It is difficult for him to identify himself with the "whole armor," we never seen one, however, to be easy and self-possessed when once dressed in the office incident upon any work. That is, when once dressed in the office, he is easily impressed in face and gesture clearly safe; but these accomplishments to a faithful servant of the Master are of little moment and can detract from the beauty of a work well done. We do not mean to say that a man's life when dressed in the office and arrayed in heralding trumpet proclaiming the actual existence of a Jesus Christ.

The Rev. Mr. Neilson, of "Tazewell" was his next in point of time. The good Samaritan incident to portray to his hearers the impress he would make upon their minds and hearts. He would make upon their minds and hearts a practical theme most practically personal. He would speak of the various personalities, pregnant with deep, searching thoughts, brilliant with flashes of an intelligent mind and bubbling over, blooming with those rare, sympathetic, kindly thoughts, which, if carried out, will make our city entire when he has in four years of service dispensed him here.

He is most likely to be a minister of the gospel in the future. My personal opinion is that he will be a good man, but not a great one. He is a man of the Master's at little moment and can detract from the beauty of a work well done.
